PROFILE INFO

Hello, my name is Zakaria. I am a Fullstack Developer with a strong passion for building modern and efficient applications. I am always eager to learn new technologies, improve my skills, and take on new challenges in the field of software development.

EXPERIENCE

Fullstack Developer

Developed multiple websites, including :

- Construction Website – Showcasing building services and company portfolio.
- Game Setup Shop – E-commerce website for selling PC components and gaming setups.
- TripNavi – Travel platform for exploring and searching famous places in Morocco.
- Technology Blog Website – Sharing updates, tutorials, and tech news.

Built mobile applications such as:

- Restaurant Management System (PFE Project) – Complete solution for menu browsing, ordering, and delivery management.
- Text-to-CV App – Mobile tool that helps users convert their text into a professional CV format.
